IBEW LEGISLATIVE SCORECARD

Dear Sisters and Brothers:

This is a major election year. Aside from the presidential race, many voters will decide who will represent them in Congress. To help, the IBEW has developed a scorecard, [linked here](#), to show members how their elected officials have voted on issues that matter to the IBEW. You can find the score for your members of Congress by searching their names, their state-district, or by using your address.

Scores are based only on the Congress member's votes on laws that impact the IBEW directly, such as the Bipartisan Infrastructure Law, the Chips and Science Act, the Inflation Reduction Act, and the Fiscal Responsibility Act. These critical laws will rebuild America's manufacturing industry and put hundreds of thousands of people to work. Most importantly, each of these laws include strong labor standards on high-quality, family-supporting jobs. Here are a few examples of local Representatives and Senators in 1439 jurisdiction.

25% Voting Record
U.S. Representative, 118th Congress

Rep. Ann Wagner (R-MO-2) voted **WITH / AGAINST IBEW** by:

- ✓ Voted **AGAINST IBEW** by voting **NO** to the Bipartisan Infrastructure Law
