Powering America's Future: Why IBEW Members Should Back Harris and Pro-Labor Candidates

As proud members of the IBEW, we understand the critical role that skilled labor plays in building and maintaining America's infrastructure. As we approach the upcoming election, it's crucial that we unite behind candidates who will fight for our rights, our jobs, and our future. At the forefront of this movement is Vice President Kamala Harris, a proven champion for working families and a leader we can trust to advance the interests of labor.

Harris: A Powerful Ally for Working Americans

Throughout her career, Vice President Harris has consistently demonstrated her commitment to the labor movement and the rights of workers:

1. **Strong Union Advocate:** Harris has been a vocal supporter of unions, recognizing their vital role in securing fair wages, safe working conditions, and a voice for workers.
2. **Infrastructure Investment:** She has been instrumental in pushing for major infrastructure projects that will create thousands of well-paying jobs for IBEW members and other skilled tradespeople.
3. **Green Energy Focus:** Harris understands that the transition to clean energy is not just about combating climate change—it's about creating new opportunities for electrical workers in emerging technologies.

Worker Protection: She has fought to strengthen worker protections, including efforts to combat wage theft and ensure workplace safety.

The Importance of Pro-Labor Candidates Down the Ballot

While supporting Harris is crucial, we must also focus on electing pro-labor candidates at all levels of government. Here's why:

1. **Local Impact:** State and local officials have significant influence over labor laws, project approvals, and funding decisions that directly affect IBEW members.
2. **Building a Pipeline:** Today's local leaders often become tomorrow's national figures. By supporting pro-labor candidates early, we help cultivate strong allies for the future.

Comprehensive Change: Real progress for working families requires a united front from the White House to city halls across the nation.

How IBEW Members Can Make a Difference

1. **Get Informed:** Research candidates' positions on labor issues and their voting records on worker-friendly legislation.
2. **Spread the Word:** Share information about pro-labor candidates with your fellow IBEW members, family, and friends.
3. **Volunteer:** Offer your time to campaigns that support our values and interests.
4. **Vote:** Most importantly, exercise your right to vote in every election, from local races to the presidency.

As IBEW members, we have the power to shape the future of our nation and our industry. By supporting Vice President Harris and other pro-labor candidates, we can ensure that the voices of working Americans are heard loud and clear in the halls of power. Together, we can build a stronger, fairer, and a more prosperous America for all.

Remember: Your vote is your voice. Make it count for labor!
